Payment Instructions & FAQs

Notes:

- To ensure your program placement & lodging choices, please make sure that we receive your first planned payment within 7 days of receiving these instructions. (If there will be a delay for any reason, be sure to contact us. We can work through a lot of problems when we know about them. 😊)
- Avoid “Wire” transfers if you can. Wire transfers reduce transfers by one or two days, but charge higher fees on both sides of the transactions, which we must charge back to you, adding to your costs.
- To help us track your transfers, ALWAYS inform us you’ve sent a payment, and ALWAYS attach the initial documentation you will receive from your bank.

For €€ Euro Payments if needed, here is information about CDR’s receiving account:

Of course if the easy options don’t work, just send a note; or go ahead and “wire” funds, and we’ll work out fees later. (We want to be sure your first step joining us is as easy as possible!)

Credit-Card Payment Option: While methods above are always effective for payment, a few customers may prefer, despite processing fees, to use a credit card to garner CC perks/points or use the card’s line of credit, etc. For that reason, a CC option is available but will incur a 3.5% processing fee for \$USD\$ payments, and a 5% processing fee for €Euro€ payments, payable to the card-processor. For those opting to pay by card, simply multiply your amount due x 1.035 for \$USD\$ & x 1.05 for €Euro€ payments, and then use the direct links or QR Codes below to access the card payment portal.
