DRIVING DIRECTIONS TO VILLA KOUKOUVAYIA FROM XANIA AIRPORT (CHQ):

(Note: If coming from Irakleio (airport HER) or Rethymnon, get on National Highway there & head west to Xania/Chania. Near Xania you'll see signs to Souda and you can stay on the highway and follow the directions from step #12 onward.)

- 1) Leave Airport and pass between the first tranche of the Rental Car parks.
- 2) In 0.7 Km, at 1st major intersection (a "Y" intersection) bear Left.

- 3) Drive 2.5 Km to a rotary, & take Right.

- 4) Drive 4.6 Km, (you'll pass a Cocomat store on R) and arrive at a 2nd Rotary. Go around rotary, and take road going slightly Left and Downhill, (not Straight and Uphill.)

- 5) You'll wind down the mountain with a dramatic view of Souda Bay on your left. (Don't enjoy the view too much. At the foot of the cliffs are cars whose owners made the same mistake!)
- 6) Stay on this road as it winds down the mountain, following signs to National Highway (ΕΘΝΗΚΙΣ ΟΔΟΣ) and the town of Souda (ΣΟΥΔΑ) until you're at water-level, at the head of the bay.
- 7) The road will take a hard right by "Pyrofani" then "Meltemi" tavernas, and wind around the bay.

- 8) Then it straightens out and goes into the little ferry, shipping and fishing town of Souda/Σούδα proper.

- 9) At the first light by “SyNKA” supermarket, take a rolling Right.

- 10) At the very wide, football-field sized tri-intersection, take a Left.

- 11) Drive up the hill toward the National Highway ramp on right that says Kissamos (ΚΙΣΣΑΜΟΣ.)

- 12) Once on the highway heading west (mntns on your left, Souda back and to your right), you’ve got about 25-30 minutes before your next turnoff. Keep aiming toward KISSAMOS. You’ll pass the following exits:
- a) Mournies & Chania/Omalos;
 - b) Galatas & Platanias;
 - c) Tavronitis & Kolymbari

- 13) After Kolymbari, the road narrows & for 3.7km you will climb up the mtn/peninsula between the Gulf of Xania & the Gulf of Kissamos.

- 14) At 3.7km you’ll go under an overpass at Kalydonia, then for 4.7km descend a gorge into the Gulf of Kissamos w/Kissamos in the distance.

- 15) At 4.7km the highway straightens & you cross the Nopigia/ Νοπέγεια intersection. (You’re 5 min away 😊!)

- 16) Stay straight for 2.7km. You’ll pass:
- a) @1.6km on Left: Drapanias Exit & Pharmacy (Sign = a Green-Cross).
 - b) @2.6 on Left an “Alumil” shop.

Look for an overpass & Right-Exit. You’ll see the first Villa Koukouvayia sign on the electrical pole past the off-ramp.

- 17) Go Right onto exit, but stay Left, going up onto & crossing the overpass.

- 18) 500 meters after crossing the overpass, you'll come to a 'T' at café Ta Kaloudia/Τα Καλούδια). Go Left, toward "Kaloudiana (Καλουδιανά)."

- 19) Drive 600 meters down the hill into Kaloudiana. The road will curve Left entering the village center, and you will take the immediate, sharp Right by the huge eucalyptus tree.

- 20) After turning, drive 250 meters thru Kloudiana, passing "Going to the Sea" beach shop & "Sunshine Market." Look for a hidden Right Turn with several town signs posted. (One sign says "Κουρθιανά" or Kourthiana)

- 21) Turn Right & then immediately Left.

- 22) Drive 650 meters: past a few houses and then up through olive groves until you reach a dirt crossroad with a streetlight & a bright red mailbox.

- 23) The mailboxes mark our road. Take that left.

- 24) You will immediately pass a red-roofed cottage (down & right).

- 25) Drive 200 more meters as the road winds down through the groves. It will steepen, and the right side will suddenly become a large stone wall with a bas relief owl. You're at Villa Koukouvayia's driveway ☺.
- 26) If we've not given you other access instructions, drive up the steep ramp, through the gate, and up to the house. We'll meet you there!

ARRIVING AT VILLA KOUKOUVAYIA:

Main House [MH] or Garden Suite

[GS]: Drive up the driveway and park in front of the larger stairs. If night, light switches are at the bottom of staircase or on the post at the path to the GS. These will illuminate your way to the door and the door itself. For the MH, the key works in either back door, but not the large sliding doors. If we're not meeting you, a notebook showing how to open up the place will be in each house. That notebook also has local info & points of interest.

Guest House [GH]: Drive up past the Main House, park on the concrete before the lawn. If night, a switch at the first step will light the stairs and entrance. The keys open either door, and a notebook describing how to open up the place will be inside. Later, the same notebook has local info and points of interest.
